

Even without the New Years diet, this year is shaping up to be our most exciting year yet with fantastic entertainment planned for spring and summer alongside our hugely successful quarterly seminars that always come with a bit of a twist.

2010 is particularly important to us as Arcom IT will be celebrating it's **15th Birthday** at the end of June with the clients and colleagues who've helped us reach this grand old age!

So get your diaries out (or Outlook Calendars) and make a note of the following events. Details of each will be available here on the Arcom website and distributed in the E-Shot closer to the date.

21st January	Woking Ask The Experts
